

SMART PARTS

Washable, Reusable Cabin Air Filters

INSTALLATION INSTRUCTIONS PART NO. SP11820

The cabin air filter is located behind the glove compartment
Installation time: 10 min

- Remove glove box stoppers on each side of glove box to lower the glove box (FIG 1 and 2)
- Lift the glove box slightly up releasing tension on dampener cord, in order to remove the cord on the right side of the glove box
- Swing glove box down
- Locate plastic cover of the filter housing. Remove the cover by pinching the tabs together to unclip it
- Pull old filter straight out and clean the housing before installing new filter (FIG 3)
- Install new Smart Parts Washable Reusable Cabin Air Filter (squeeze to fit if needed)
- Replace rest of glove box assembly by reversing the removal procedure
