

SMART PARTS

Washable, Reusable Cabin Air Filters

INSTALLATION INSTRUCTIONS PART NO. SP190123

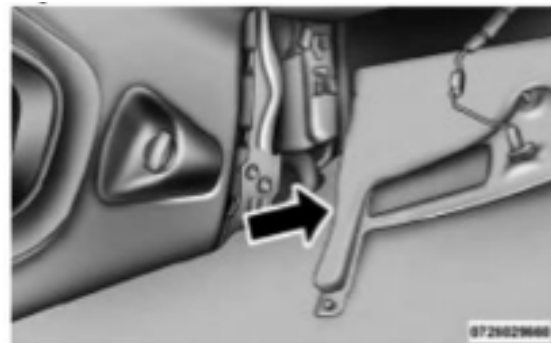

Installation time: 10 min

- Remove the passenger side console closeout cover
- Pull the closeout cover rearward to disengage front retainer tab and remove cover
- Pull down passenger hush panel under dash panel
- To remove filter door, push down on the tab on top of door to release cover, then rotate door out and lift up
- Remove old filter by pulling straight out of housing
- Install new Smart Parts Washable Reusable Cabin Air Filter (squeeze to fit if needed)
- Reverse above steps to reassemble
